Scheduling : Set up alarms conveniently using our mobile app or software.

Ideal for : Schools, Offices, Factories, Coaching Centers, Warehouses, And any place needing a simple, scheduled bell system.

* Electric Bell / Speaker is not included with device price

Smart School Bell System

DB-20

Connectivity: Wi-Fi, LAN

Storage option: Micro SD card

Works with

This system lets you play any audio file through your existing speaker system at scheduled times.

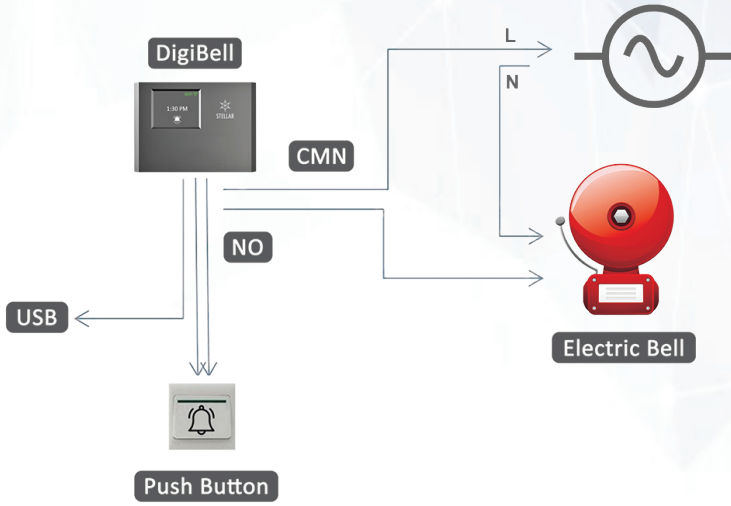

Sound Type : Play any MP3 audio file.

Scheduling : Schedule announcements and alarms using our mobile app or software.

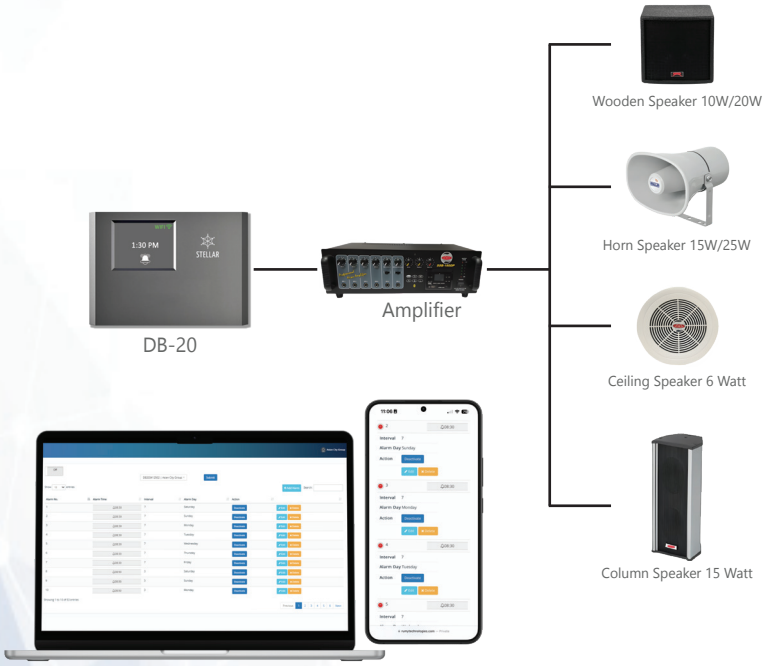

Ideal for : Schools, Offices, Factories, Coaching Centers, Hospitals, Retail Stores, and places where customizable audio announcements are needed.

* Electric Bell / Speaker is not included with device price

How DigiBell(DB-10) Works?

How DigiBell(DB-20) Works?

Easy control with any mobile or computer

Device Comparison

DB-10 Simple Electric Bell Control System

DB-20 Advanced Audio Announcement System

Basic time-based alerts

Primary Function

Versatile audio broadcasting for various purposes

Any Electric Bell

Works With

Any Type of Speaker systems

Uses the sound of the connected electric bell

Sound Type

Plays any MP3 audio file

Any mobile or computer

Scheduling

Any mobile or computer

Cost-Effective, Simplicity, Versatility

Key Benefit

Customization, Clarity, Enhanced Communication

Organizations needing straightforward, loud, scheduled alerts

Target User

Organizations requiring flexible, high-quality, scheduled audio

School class changes, factory shift changes, office breaks

Examples of Use

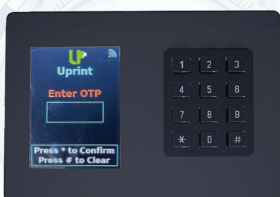

Public announcements, emergency broadcasts, background music, call-to-prayer

Centralised multiple bell operation

Scalability

Highly scalable with existing audio infrastructure

Cloud Printing Service

Online Payment

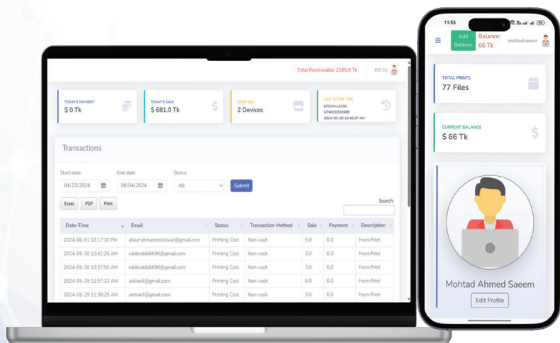

Detailed Reports

Connectivity: Wi-Fi, LAN

UPRINT Printing Made Simple

Features (User):

- Web and Mobile apps
- Print Customization Options
- Hassle-Free Printing
- Secure Cloud-Based Printing
- Extensive Outlet Network

www.uprintbd.com

Funded by

Minimal Investment

Self-service Printing System

Zero Operation Costs

Real-Time Monitoring

Benefits

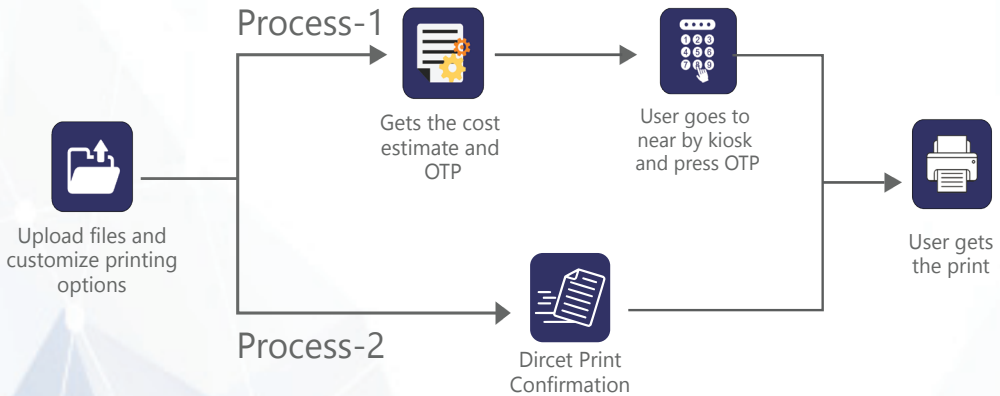

Small Footprint : Can Be Placed on Any Desk. No Operator or Computer Needed.

Time Saving : Since it Can Be Placed in Dormitories, Cafes and Labs. No Shop Needed.

File Security : No Softcopy Transfer to a Computer.

Simplicity : Minimal Effort With no Cash Handling.

How Uprint Works?

Available On

Cloud Based Digital Signage System

DigiSign

Connectivity: Wi-Fi, LAN, HDMI

Features :

- Cloud-Based and Easy Setup
- Multi-Display Support
- Universal Compatibility (HDMI)
- YouTube Video & Playlist Support
- Scrolling Text
- Static Image and Video
- Live Data Update (Web base)

Application of DigiSign

Healthcare

Retail Chain

Educational Institutions

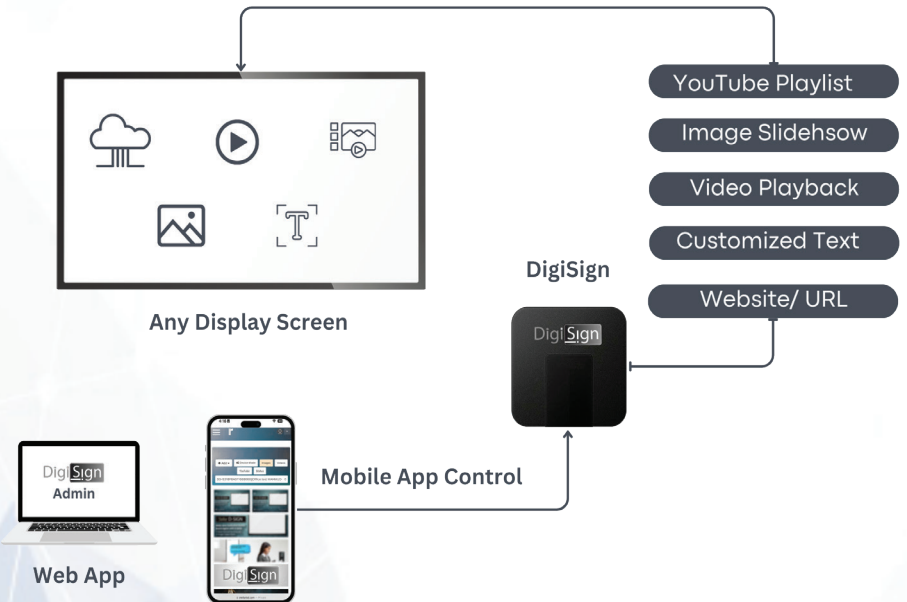

Corporate Bank /Office

How DigiSign Works?

Smart Gas Leak Alarm

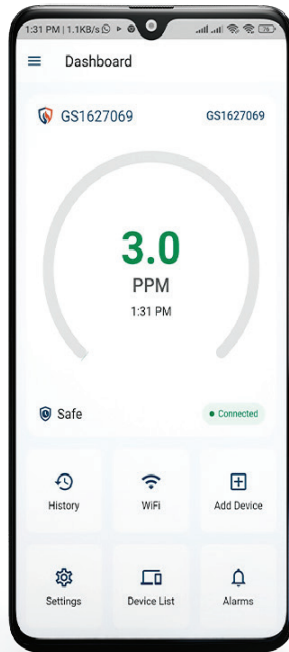

Features:

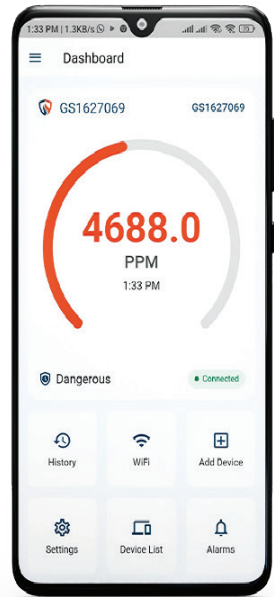

- Cylinder/Line Gas Leak Detector
- Detects Gas Leaks from Low to High Level
- Loud Alarm and LED Indicator
